Finance-to-Own Program

Finance-to-Own

NETZSCH's goal is to provide you with additional options to own and operate quality NETZSCH equipment. We offer easily accessible financing options to help you acquire the equipment you need with low monthly payments.

As the world market leader in our market segment, we always strive to provide excellent customer service and we are now the first in our industry to provide innovative Finance-to-Own options.

- Finance for periods of one to five years
- Multiple Finance Options are available
- Finance in order to reduce your short term capital expenditures

Multiple products available with one to five year finance options to be utilized as part of a payment schedule. Use of this equipment under this program allows you to own the equipment without breaking your budget.

Log on to www.pumps.netzsch.com
Go to customer *Service & Tech Support*,
click on *Long Term Finance Program*
to find the inquiry form to fill out and
submit.

Your Advantages:

- Conserve cash reserves
- Easy approval process
- Use the maintenance Budget vs. a Capital Expense
- Less Red Tape versus the budgeting and bidding process
- Reduce your plant assets on the books

Manage Costs

Our various finance options for all NETZSCH Pumps along with N. MAC® and M.Ovas® Grinders provide you with the equipment that you need for your process, and lower your capital costs by allocating only a monthly finance payment in lieu of a capital expenditure.

Availability

All of our products – regardless whether standard off-the-shelf pumps or highly customized pumps – are available within this program.

For an efficient and cost effective pump package you can rely on NETZSCH Pumps and Grinders. With our skilled in-house team, on-site engineers, and field service technicians we can support your process from start to finish. Available service, technical support, and parts help to ensure minimal downtime.

The NETZSCH Group is an owner-managed, international technology company with headquarters in Germany. The Business Units Analyzing & Testing, Grinding & Dispersing and Pumps & Systems represent customized solutions at the highest level. More than 4,000 employees in 36 countries and a worldwide sales and service network ensure customer proximity and competent service.

Our performance standards are high. We promise our customers Proven Excellence – exceptional performance in everything we do, proven time and again since 1873.

The NETZSCH Business Unit Pumps & Systems offers NEMO® progressing cavity pumps, TORNADO® rotary lobe pumps, NOTOS® screw pumps, PERIPRO™ peristaltic pumps, macerators/grinders, metering technology and equipment custom built for challenging solutions for different applications globally.
